CFTC Comments

Dear CFTC Comments:

I am writing in support of the CFTC's Proposed Federal Speculative Position Limits or similiary regulative legislations that will reestablish speculative position limits on major energy commodities as well as housing market, insurance market, and other market booms and busts. This rule will provide stability to the marketplace and help prevent future price bubbles. The CFTC must quickly approve a strong rule to protect America's struggling economy.

Sincerely,

Amanda Major
