Subject: Regulation of forex retail

RIN 3038-AC61

Good day.

I'm a forex trader from South Africa. The current leverage of 100:1 is working perfectly for me as I only have 3800 dollars in my trading acc. If the 10:1 leverage is implemented I will have to stop trading and go look for work.

Please reconsider as this would be a major blow to the trading community in South Africa.
