**The First American Revolution began in Massachusetts....**

Good afternoon,

I am very concerned and must object the new regulations, RIN 3038-AC61, concerning leverage in forex trading. I do not believe that the government or anyone else has the right to tell me what I can and can not do with my money. If I want to leverage 1:400 that should be my choice and you don't really have the right to tell me I can not. I will join with the trading community in doing everything possible to fight you. This must not be allowed to continue. My congressmen and senators, who are Americans, not communists (democrats), are with me on this. You should re-think this decision.

Sincerely

Shane Doyle
