Subject: Regulation of Retail Forex

Hello!

Concerning the U.S. Commodity Futures Trading Commission (CFTC) announced on January 13, 2010 (identification number **RIN 3038-AC61**) that it is seeking public comment on proposed regulations concerning retail Forex trading.

The "leverage in retail forex customer accounts would be subject to a 10-to-1 limitation" is unacceptable.

The margin requirement of \$10,000 is unacceptable.

The only thing that you will do is drive people to oversea brokers which hurts everyone here in the U.S.

Sincerely,

Nat Morton
