**Subject:** Against Regulation of Retail Forex

---

In regards to **RIN 3038-AC61** and limiting the leveragability of all us traders to 10:1:

Mr. Seceretary,

It is ridiculous to me how the Federal Government believes it can regulate the risk that people are willing to take when they get into the market in the name of "protection". This will not only take US traders out of the market, but will put them at a disadvantage with foreign investors. This is a legitimate market where legitimate money is made and lost. Let them leverage and let them trade!!
