Luther,

You can do something. You can write a short complaint or you can just say that you endorse the
comments in my article and reference it here:

"Adrian Douglas: An appeal to the CFTC to get serious with gold and silver"

<http://www.gata.org/node/8280>

You should send your comments to

secretary@cftc.gov

with a subject title of: **Proposed Federal Speculative Position Limits for Referenced Energy
Contracts and Associated Regulations**

(note: it must have exactly this title or it will be disregarded by the CFTC)

Your comments will be made part of the public record for the upcoming hearings in March. The more
people who write, the more it will be clear that there is a large ground swell of the public who are
being harmed and want this manipulation to stop.

Separately we are lobbying for myself, Bill Murphy and Chris Powell to be allowed to give testimony
at the hearings.

Best regards

Adrian Douglas

DEAR SIRSI ASK YOU HOW CAN A LITTLE PEANUT LIKE ME COME OUT AHEAD WHEN THESE GIANTS ARE EASILY RUNNING THE SHOW WITH THE ASSISTANCE OF OUR GOVERNMENT.

WHOM CAN WE WRITE TO IN ORDER TO CREATE A LEVEL PLAYING FIELD?

IT SEEMS THIS SHOULD GET AS MUCH PRESS AS SOME OF THE INSANE ISSUES THAT ARE NOW GETTING ATTENTION.

WHAT CAN WE DO TO GET THE ATTENTION OF POLITICAL LEADERS TO BRING THIS FRAUD TO JUSTICE?

WE COULD START WITH A PETION TO BE COLLECTED AT THE PHOENIX SHOW AND FORWARDED AROUND THE WORLD AND THEN SENT TO THE POWERS THAT COULD BRING PRESSURE TO BEAR FOR FAIR PLAY IN THE METALS MARKETS.

CHEERS, Luther Sander

Dear luther ,

Adrian Douglas has posted a new article entitled "The CFTC Public Hearings on the Precious Metals Markets". You can find it here

https://marketforceanalysis.com/index_assets/CFTC%20PUBLIC%20HEARING%20ON%20METALS%20MARKETS.pdf

or go to the home page www.marketforceanalysis.com and click on the article under the section "5 Most Recent Articles"

The article has been sent to the CFTC in light of them requesting comments from the public on their proposed limits to be applied to futures trading.

Regards
Adrian Douglas
