Re: **RIN 3038-AC61**

To whom it may concern,

I strongly object to the restriction of leverage to a 10:1 ratio as the maximum for consumer forex accounts. I firmly believe the risk level I take is my choice and does not need to be restricted. I believe a restriction of this type would greatly affect my strategy and hamper my ability for success. I sincerely hope you do not impose this leverage restriction. Thank you.
