Subject: Your slaughter of U.S. Forex trading

This is the most idiotic thing I have ever heard of! You are taking away the freedom of the ordinary person being able to trade. Most people don't use a lot of money to trade..they use it as another investment strategy. What you are doing is taking away that freedom of choice. LET US USE OUR MONEY AS WE SEE FIT, NOT AS YOU SEE FIT! This is why Massachusetts voted in a conservative senator!...because you feds are TAKING OUR FREEDOMS AWAY!

I will just trade overseas. You are forcing us to do that. Giving our money to companies overseas instead of to American brokerage houses. HOW STUPID YOU LIBERALS ARE! Sure, this is the way to get our country out of debt...send jobs overseas!

I say NO NO NO to this proposed margin requirement baloney!!!
