Subject: USA CFTC set to Destroy USA Forex markets - Reducing it from land of opportunity to land of poverty: RESTORE MARGIN to 1:200, 1:400

Sir/Madam,

Investors in USA are mature to decide leverage for themselves.

CFTC / NFA have already done their worst by introducing FIFO and 100:1 margin rule.

Further, CFTC / NFA have gone ahead to restrict overseas brokers to take USA residents as their customers. What madness CFTC

Some whimsical fat salary drawing Government Employee (from our tax payer money) is doing some nasty thinking for USA in order to please his bosses on Regulation Efficiency amidst turmoil in Credit Derivatives industry.

USA will lose all clients from USA forex market from retail section. A lot of brokers will do business or divert business elsewhere. USA Retail Trader residents will prefer to lose their residency / citizenship as this is thier livelihood.

CFTC do not go overboard in your foolish zealousness to report to Obama.

Regards,

USA Trader

Note: A more polite letter is being sent to Congressmen and President to stop the Stupid CFTC (sucking on our tax payer money)
