**To:** secretary <secretary@CFTC.gov>  
**Subject:** Regulation of Retail Forex

---

Please do not enact the unconstitutional legislation to limit the ability of American citizens to invest in an open capitalistic marketplace, RE: RIN 3038-AC61.

The government has no right to tell individual citizens or investment companies what their limits are for exercising perfect viable financial transactions that the rest of the free intelligent world takes part in every day.
