Subject: Regulation of Retail Forex

RE: RIN 3038-AC61.

I am a customer of Interbank FX and Oanda. Please do NOT restrict forex trading to a maximum of 10:1 leverage.

I'm an adult. I know forex trading is risky and I willingly take that risk along with the responsibility for the consequences. I do NOT need the government to "protect" me by interfering with my free choice to contract with a company that permits highly leveraged trading.

Thank you for considering my opinion and input.
