Subject: 'Regulation of Retail Forex'

Dear Sir,

This mail is in regards to the proposed regulation regarding the retail forex trading. ID #RIN 3038-AC61
I believe that the general public does have the freedom and right to choose the amount of leverage that deemed suitable for our individual trading needs. So i highly oppose the suggested regulation regarding the matter.
As a concerned citizen i highly oppose the limitation of having only 10-1 leverage.

thanks
concerned citizen
