Subject: CFTC - 1:10 Leverage.

Dear Members to CFTC

I am FX trader, and I have FX account in USA. If the regulations become such as leverage for trading is 1:10 /One to Ten/, I will do the following:

1. I will withdraw all my funds from US, and US brockers.
2. I can not any more to recomend US as good place for FX Trading to anymore.

This is desaster for the financial community.
