**Subject:** Your Proposal for 10:1 Margin Requirements for Forex

---

As usual, you are interested in only protecting the wealthy, the large futures brokers and the privileged. I have traded Forex for years with the existing leverage levels and done well. YOU SHOULD LEAVE IT UP TO THE INDIVIDUAL INVESTOR/SPECULATOR TO DECIDE HOW MUCH LEVERAGE RISK HE/SHE IS WILLING TO TAKE ON. IT SHOULD NOT BE DECIDED BY YOU! I trade Forex wisely, but if your stupid proposal goes into effect, I will have to discontinue it, just because of a stupid government regulation that does no one any good except THE WEALTHY. I have a modest account of \$2,500 and make 20% to 30% per year. But to trade with YOUR STUPID PROPOSED LEVELS, I would have to have an account of \$20,000 - \$25,000! How idiotic! Whom are you protecting? The large futures brokers, bankers and wealthy from whom you get favors and money. That's who. YOU ARE NOT PROTECTING ME. Take away the proposal. Let me trade the way I have enjoyed trading FOR YEARS YOU IDIOTS. Leave the responsibility and decisions up to individual investors/speculators. NOT THE MISGUIDED GOVERNMENT.
