Subject: Regulation of Retail Forex - Identification Number RIN 3038-AC61

To Whom It May Concern;

RE: Identification Number RIN 3038-AC61

Please do not regulate or change the amount of leverage allowed in FOREX from 100:1 to 10:1. This matter should be determined by free markets not regulators and law makers. Do not continue to make knee jerk reactions to the greed of bankers and attorneys.

Fix things that need to be fixed like our National Debt!

Sincerely,

Emilio
