commenter_subject: Margin Requirements

commenter_frdate: 1/20/2010

commenter_frpage: 1

commenter_comments: In regard to the proposed retail forex margin requirements detailed in RIN 3038-AC61, such a reduction to the proposed 10% margin requirement would eliminate or very substantially reduce the ability of small individual traders such as myself and my wife along with very many of our friends.

Please do not reduce the margin requirements any more than the 100:1 limit that has already been imposed.
