Subject: Suggestion - CFTC's Proposal of Leverage Changes

Dear CFTC member,

Good day to you,

In my opinion regarding for the regulation on leverage in forex trading, i hope CFTC should give a freedom or human right to forex trader. Hence, small capital or poor person may have chances to earn extra money from forex investment by thier expertise. All of us is known that, investment sure have risk and reward. I suggest the leverage is should be open and is depend on customer request.

Thanks,
Regards,
Patrick Lee
