Subject: Regulation of Retail Forex

To whom it my concern
I do not think you should regulate leverage

I have been trading forex for a year with only 20:1 leverage.(See you can get low leverage)
I learned and understood the risks before I started trading.
When I opened my forex account I had numerous forms explaining leverage that I had to sign.
I spend hours doing research on forex,trading and brokers
You see that's what makes this country great I can educate myself and make my own decisions. If you do this it could take away my opportunity and freedom to do something that I enjoy doing in my spare time.

Sincerely
Mike Jones
