CFTC Comments

Dear CFTC Comments:

We citizens are not working hard to support sophisticated, hidden trading.
We will NOT bail you out again.

I am writing in support of the CFTC's Proposed Federal Speculative Position Limits that will reestablish speculative position limits on major energy commodities. This rule will provide stability to the marketplace and help prevent future price bubbles. The CFTC must quickly approve a strong rule to protect America's struggling economy.

Sincerely,

Valerie Marshall
