The AMERICAN PEOPLE and REAL END-USER ENERGY Businesses are speaking out!

We Need Position Limits and Double the Margin Requirements on “Financial Speculators!”

My Business has taken two direct hits since 2007 – Higher Gas Prices for Traveling, and People Seeking Wellness

Not as able to attend workshops and trainings because they have less people for items other than the basics, that is if they still have a job.

Thanks to the WS Banks, who we bailed out, and who continue to this day to make most of their revenues by trading energies, derivatives and US Treasury Notes, all the while “NOT LOANING BUSINESS MONEY for GROWTH!”

Please Take Action, now.

Thank You.
