CFTC Comments

Dear CFTC Comments:

Hi.

It is time to hold Wall Street accountable and ensure that banks and investment firms can't put our entire economy and the wellbeing of millions of struggling working families at risk for their greed.

I am writing in support of the CFTC's Proposed Federal Speculative Position Limits that will reestablish speculative position limits on major energy commodities. This rule will provide stability to the marketplace and help prevent future price bubbles. The CFTC must quickly approve a strong rule to protect America's struggling economy.

Sincerely,

Kai Newkirk
