David Stawick, Secretary

I stand behind the belief that I/we should be given the freedom with our □bill of rights□ and right to choose the amount of leverage that is appropriate for my individual desired risk, and that this basic principle of 'choice' is in jeopardy by the proposed CFTC regulations.

Further your will make a decision for most traders to move over seas for their trading skills. Your decision has nothing to do with what has happened to our economy. This was due to the selling of CDO□s and Mortgage Backed Securities rated by Standers and Poors □ Moodys as AAA investment vehicles. This is clearly unethical, illegal and they are the one that should be prosecuted in the Court of law!

Please include 'Regulation of Retail Forex' in the subject line of your message and the identification number RIN 3038-AC61 in the body of the message.

Respectfully yours,

Mr. Michael Slada, P.A.
