Subject: Your upcoming hearing on Silver sanity...

Good morning...

Thanks for the opportunity to comment on the issue of position limits for precious metals.

Please establish a speculation position limit on in COMEX silver of no more than 1500 contracts.

Please restrict any hedging exemption from those limits to legitimate hedgers.

Please stop the levels of concentrations in COMEX silver futures that have been experienced over the past few years on the short side of the market.

My memories of what the Hunt Brothers did to the silver market a few decades ago are still vivid in my mind as they sought to completely control the entire silver market. Lets keep a true and safe balance here!

Thanks!!
