Subject: Request for establishment of a speculative position limit in COMEX silver of no more than 1500 contracts.

Dear Sir;

The Commission has given hopes that it is amenable to limiting the short contract sales on the COMEX and the manipulation of the price of silver. I respectfully request that you do in fact establish a speculative position limit in COMEX silver of no more than 1500 contracts. I trust that you will also stop the levels of concentration in silver short trading that we have come to expect as matter of course over the years. If not Bear Stearns, then Morgan Chase.

Sincerely,

Paul D. Levie
