Dear Honorable Gary Gensler:

You've already read and heard (many times over) the complaints about the Wall Street/Washington DC manipulations of the financial markets. There's really no question that the manipulations have gotten out of hand.

So, I will leave you with just this short message:

"... But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. ..."

Will you join them?
