---

Dear Sir;

Thank for the opportunity to comment on the issue of position limits for precious metals.

Manipulation within the metal markets must stop. The recent revelations about irregularities in the silver market requires action from our Federal Government. These are the kind of actions that must be taken if there is any chance of the Government regaining the peoples confidence.

Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

Sincerely,

David J. Dunlap
