Dear Commissioners

This is to urge you to demand position limits in silver.

Allowing big banks to hold huge illegal short positions causes an imbalance in supply and demand.

This not only distorts prices, harming tens of thousands of small investors like myself, but will eventually blow up when demand suddenly breaches supply.

If this happens, the CFTC will be held in the same low regard as the SEC in the Bernie Madoff scandal.

I urgently request you put a stop to illegal position limits.

Respectfully
