Secretary, Commodity Futures Trading Commission

Dear Sir:

I am concerned about the improper use of position limits in silver trading. Please use the authority of your Commission to keep silver concentration and limits within the bounds of legitimate trading. Perhaps establishing a limit of 1,500 contracts per account would be reasonable and responsible. This would be a step in the right direction to stop the unconscionable concentration in silver futures that has occurred on the short side of the market. Your comments on this matter will be appreciated. Thank you for your consideration.

Cordially,
