Subject: Comex Silver Futures

Hello I urge the commission to protect individual investors like myself who cannot afford lobbyists, Lawyers etc from the manipulation of the comex silver futures market by large banks, Trading Companys, The federal Reserve and the Treasury Dept etc. There should be a speculative position limit of 1500 contracts. Please help to stop the levels of concentration in the COMEX silver futures that have been in use over past years on the short side of the market. All markets need to be much more transparent. It`s your job to protect the citizens of this country from these corrupt, manipulative ententies. Thank you for your time! Jack L Jackson
