**Subject:** proposed federal speculative position

---

Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits as well to legitimate hedgers. please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market. thank you for your efforts to stop the manipulation of the price of silver, and jp morgan from dominating the markets. Its unethical and detrimental to what America stands for , freedom and the right the to the pursuit of wealth.  
Sincerely Scott Kadet, 203-616-0480.
