Dear Sir:

I wish to comment on the issue of position limits for precious metals, in particular silver. Please establish a speculative position limit in COMEX silver of no more than 1,500 contracts. Please restrict any hedging exemptions from these limits as well to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

Thank you for all your efforts to improve the integrity of our markets.

Sincerely,
