Subject: silver and gold price manipulation

Please establish a position limit of no more than 1500 contract on both gold and silver. Please target especially the banks, which shouldn't be speculating, and not be allowed unlimited for all intents and purposed contact limits. It also appears that they are the ones active to move the markets, especially capping rallies.

Respectfully.

A retired 76 year old who is hurt by what appears to be going on.

William Wierzbinski
