Subject: stop manipulation

Dear CFTC:

The privately-owned Federal Reserve bank and the new world order have been manipulating precious metals downward to *hide their inflationary printing of all currencies out of thin air.*

Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

Thank You,
Jeff McGary
