---

Dear Sir: Thank you for the opportunity to comment on the issue of position limits for precious metals. Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that been experienced over the past few years on the short side of the market. We must have free and open markets so that all investors can participate in true and realistic market conditions that do not favor only the rich and powerful few. Many thanks for the vital and important work that you do for our country. Sincerely,  
Sid Henry, Dallas, Texas.
