Subject: COMEX silver speculative limits

Dear Sir;

CFTC 4/10/2010

I would like to thank you for taking public comments on position limits for precious metals.
My suggestions are as follows:

1. 1500 contract maximum speculative position limit in COMEX silver.
2. Restrict hedging exemptions from those limits only to legitimate hedgers.
3. Terminate market levels of concentration in COMEX silver futures on the short side.

Sincerely, John Ebelhare ebelhare@yahoo.com
