Please do not take away my forex leverage. Lowering the leverage to 1:10 will not help me or my family. I do not want to deposit all of my cash with my broker. Leverage allows me to keep my money safe at a local bank. I want to keep as little money on hand at the broker as possible. Please raise the maximum amount of leverage to 1:200. There are many other ways to get accounts that support this leverage. Please do not punish the small trader.

Thanks,
