Subject: For more than 10 years I saw tick by tick the fraud in silver and gold

To the Chairman of the
C F T C

We have lost over million....and..

We know that JP Mogan is the US Gov. principal hitman, the (hired killer) to illegally contain the price of Gold and Silver to save the almighty USD.

LOOK FOR BLANCHARD vs JPM in Louisiana Court...they reveled and admitted it themself.

Or Greenspan himself saying the Fed stand ready to sell GOLD vs maintain USD ARNACQE.

For more than 10 years I saw tick by tick the fraud in silver and gold.

The case is CRYSTAL CLEAR to anyone trading ...specialy Silver.

JP MORGAN is NOT in the game for the profit but for the CONTROL...as a mercenary of the US Gov. with unlimited tax dollar pushed by the Fed.

We are not too hopefull that the CFTC will have the WILL and the CHARACTER to defend the good honnest citizens and their OAT TO THE CONSTITUTION OF THE USA.

againts the US Government actual Casting.

CAN WE BE PROVEN WRONG???

ARE WE GOING TO HAVE A FREE MARKET IN PRECIOUS METAL NEVER AGAIN?

THIS GANGTER'S BEHAVIOR HAS TO STOP!
