Subject: COMEX Limits

Dear Sir,

Thank for the opportunity to comment on the issue of position limits for precious metals.

I have enjoyed investing in precious metals over the years.

Would you please establish a speculative position limit in COMEX silver of no more than 1500 contracts? I think this will be a helpful limit. Would you also please restrict any hedging exemptions from those limits to legitimate hedgers? Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

Thanks you for your consideration on these important and impacting matters regarding precious metals.

Sincerely,

Emily Beeli
