Subject: Position Limits

Dear Sir;

Thank for the opportunity to comment on the issue of position limits for precious metals. Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

Let supply and demand determine prices. With position limits, parties/counter parties may actually be able to meet contract terms and settle in physical metal if so desired. Unlike today where cash would be necessary in worse case scenarios.

Sincerely,

Don Brod
