Dear Sir:

Thank you for the opportunity to comment on the issue of position limits for precious metals, especially Silver.

Please establish a speculative position limit in COMEX silver of no more than 1000 contracts. Please not allow ANY hedging exemptions from these limits.

Please stop the levels of concentration in COMEX silver futures that have occurred over the last few years on the short side of the market which have interfered with the normal market forces driving the price of metals.

Sincerely

Robert A George
