Subject: Market manipulation

To whom it may concern,

I would just like to thank you for allowing the manipulation in the metals market (particularly silver) to go on for so long. It has allowed smaller investors like me to establish a position at a very good price. I believe when it's all said and done I will have come out of it with a very nice profit, so once again I would like to say thank you for allowing the crooks at JPMorgan to break the law.

Sincerely,

Johnny
