Subject: Obvious Market MANIPULATION BY JP MORGAN CHASE, IN PARTICULAR

Please do your jobs!! THE WORLD IS WATCHING! The world is starting to wake up to the truth about the blatant silver market manipulation by JP Morgan Chase, in particular!! It is so obvious that it places the CFTC in the REAL position of being seen as COMPLICIT in this very CRIMINAL ACTIVITY, or doing their jobs, as required by law, and resolving this very real problem. Why was the CFTC created in the first place? All the CFTC has to do is THE JOB THEY WERE SUPPOSED TO BE DOING ALL ALONG. It certainly is looking like the CFTC is following in the footsteps of the SEC in that they also refuse to do their jobs and have allowed JP Morgan's continuing manipulation of the markets. We can only hope that Gensler(ex GolmanSachs exec.) brings some integrity to the CFTC. This is his chance to shine OR continue to do as his predecessors have done, NOTHING. !!!! FREE MARKETS don't exist anymore ! JP is the "arm of the US Gov't Treasury and the FED" basically. We can only hope that there is more than just Bart Chilton who are actually willing to address this crime in progress. Be a person of integrity and honour, not another "bought and paid for " by the Banking cartel. "The eyes of TRUTH are always watching!"
