---

Dear Sir;

Thank for the opportunity to comment on the issue of position limits for precious metals. Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

It's very simple please keep the big banks like JP Morgan from ripping the market to shreds' If you short without restraint or oversight and control you drive the price down. Now as you see the metal market was up this week because JP stayed out this week ???

Sincerely

Stewart Smith
