Subject: position limits- my request

To the CFTC

Dear Sir/ Madam,

I followed the discussions on the levels of concentration in the Comex futures market on the short side with great interest, and as a participant in these markets I agree that something does not seem right.

I therefore would like to request you to make sure that these levels of concentration are stopped, and that there are speculative position limits established in the Comex silver market of 1000 to 1500 contracts whereby you should restrict hedging exemptions to legitimate hedgers. I assume that it is in your power to do so.

I hope all these hours of discussions and public hearings will lead to more fair and transparent markets.

Regards,

C.J. Herderschee
