Subject: Position limits

Dear Sir,

I am taking the opportunity to comment on the issue of the position limits for the precious metals.

Please establish a limit of the speculative positions on the COMEX silver to no more than 1500 contracts.

Also, please limit any hedging exemptions from those limits to legitimate hedgers. And in closing, I would ask that you stop the level of concentrated short positions in COMEX silver futures, that have been seen for a number of years on the short side of the market.

Sincerely,
Larry Walker
