Dear Sir:

As a serious investor in silver, I'd like to thank for the opportunity to comment on the issue of position limits for precious metals. Your recent hearings and related news reports have highlighted the need to establish a speculative position limit in COMEX silver of no more than 1500 contracts. Any hedging exemptions from those limits should be restricted to legitimate hedgers. Moreover, I would sincerely appreciate whatever can be done to stop the (unlawful?) levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

Sincerely,

Dr. Stanley Rosen
