Subject: Silver

Sirs, I won't bore you with the details but in a nut shell my family has lost hundreds of thousands of dollars in the silver market. Case in point, silver in 2008 goes from \$20 to \$9 on the Crimex yet, strangely, to acquire it in physical form, took nearly \$4 over the spot price! Go figure.

We have accepted our fate and will not cry over spilled milk. We do implore you however, to do your respective jobs and stand up to this blatant act of un justice towards us, the little guys, people who can not stand up and fight against this over whelming concentration of power. No further details are needed.

Respectfully
Dr. Daniel Draughon
