Dear Sir,

Thank for the opportunity to comment on the issue of position limits for precious metals. Please establish a speculative position

limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate

hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the

short side of the market. I believe that gold is being manipulated also as when the Comex opens gold plunges like a waterfall. Since

the hearing last week the attacks have been almost nonexistent as if they're laying low to not gather any attention from the CFTC.

Sincerely,

Terry A. Boyer
