---

Thanks you for the opportunity to comment on the issue of position limits for precious metals. Please establish a speculative position limit in COMEX silver of no more than 1500 contracts. Please restrict any hedging exemptions from those limits to legitimate hedgers. Please stop the levels of concentration in COMEX silver futures that have been experienced over the past few years on the short side of the market.

Again, I'm writing you to please take some action on the blatant and obvious manipulation of both the gold and silver market by the major banks. If all of these "shorts" were called today, it could be the final card in this obvious "house of cards".

Sincerely,
