---

Dear Mr. Gensler,

Thank you sincerely in allowing Mr. Murphy and Adrian Douglas to have their testimony on to the records.

For too long we have seen gold and silver go up the stairway and then during options expiry week go down the elevator.

If this happens again in this month of April it will have meant all is for naught. We have no regulatory body to control the ongoing scam of the "big boys".

We need arrests, prosecutions, jail sentences and restitution to the bereaved victims. You can do this. Please do this.
